Here is what you need for a complete Condor 2 training environment.

   Condor2 Simulator Software ($60.00): Just the simulator, no extra planes, for Windows.   -> https://www.condorsoaring.com/edd-store/ or https://www.cumulus-soaring.com/store/condor2

   Control Stick ($90):→ You may be able to find something less expensive. You don't need a lot of features, just the basic stick and the 'hat' for changing views. -> https://www.amazon.com/gp/product/B00009OY9U

   Rudder Pedals ($175) These are very durable and work well with Windows/Condor.→ -> https://www.amazon.com/CH-Products-Pedals-Simulator-300-111/dp/B0000512IE

   Not required, but a very good book/syllabus from the Mach 0.1 Sim maker -> https://www.gliderbooks.com/store?store-page=Flight-Training-Manual-for-Gliders-p129741364
